RETIREMENT

Definition of Vesting: you retain absolute right to the employer contributions plus all earnings, even if you terminate employment with ISU. This would apply to both IPERS and TIAA.

Iowa Public Employees’ Retirement System (IPERS):
Participation is mandatory except for employees who elect TIAA. Contributions are as follows:

<table>
<thead>
<tr>
<th>Effective Date</th>
<th>ISU Contribution</th>
<th>Employee Contribution</th>
</tr>
</thead>
<tbody>
<tr>
<td>Current</td>
<td>8.93% of budgeted salary</td>
<td>5.95% of budgeted salary</td>
</tr>
</tbody>
</table>

Future Dates: Future contributions will be based on actuarial valuation and subject to change by State Legislative Act. IPERS may adjust rate up or down by no more than 1.0 percentage point.

Employees are vested after completion of seven years of continuous service or upon reaching 65 while in IPERS covered employment, whichever comes first.

Teacher’s Insurance Annuity Association (TIAA):
Employees with a budgeted salary of $7,800 or more may elect this option in lieu of IPERS. Contributions required, based on budgeted salary.

Employees are vested after completion of three years of continuous service.

Employee and ISU contributions are established and are subject to change by Iowa State University with approval by the State Board of Regents.

Group Supplemental Tax Sheltered Annuities – SRA (Optional):
Contributions from employee’s salary per employee request. Group supplemental retirement plans are available to all employees regardless of their basic retirement plan option. Employees can elect contributions on a tax deferred basis, after tax (Roth 403b), or a combination of tax deferred and after tax. The University does not match these contributions.
ISU Alumni Center

The ISU Alumni Center was built to house the Iowa State University’s Alumni Association and Student Alumni Leadership Council. The Alumni Center serves as an enhancement to student life, alumni homecomings and community and alumni engagement. The center was built using solely donations to the Alumni Association. The building was architecturally designed to resemble parts of Iowa State University campus.

PREMIUM CONVERSION PROGRAM

The Premium Conversion Program allows you to pay pre-tax your share of:

- Medical insurance
- Dental insurance
- Life insurance
- Parking

This means that your premiums are deducted from your gross wages before taxes are calculated, saving money on Federal/State income taxes and Social Security (FICA and Medicare) taxes. Enrollment in this program will result in higher take-home pay because of lower Federal and State Income Tax and Social Security Tax. However, enrollment in this program does mean that the medical and dental premiums are not eligible to include as itemized medical tax deductions.

Enrollment in this program reduces the Social Security Tax that is withheld, so your Social Security benefits at retirement may be slightly reduced. Enrollment in this program will not affect contributions to your basic retirement plan.

During the initial enrollment period, employees are provided the option to enroll or decline coverage. If there is no indication, you will be automatically enrolled in the premium conversion plan. If you participate in Health Care Flexible Spending Account or Dependent Care Assistance Program, Premium Conversion is required.

Section 125 of the Federal Internal Revenue Code governs how employees enroll and make changes in this program. Each year during the open change period, employees may elect into the program (if previously declined) or elect to discontinue enrollment in the program, even if ISU is defaulting participants.
Lancelot and Elaine
Lancelot and Elaine are the swans who currently reside on Lake LaVerne and originally donated by the Class of 1931.

Lake LaVerne
Lake LaVerne was constructed and landscaped in 1916, a gift of LaVerne Noyes, an 1872 Iowa State alumnus. One of Iowa State’s many traditions involves Lake LaVerne. If you walk silently around the lake three times with your beloved, you are destined to be together.

Placed around a circular fountain, the four seated American Indian women represent an Osage chant of thanksgiving. The four women face north, south, east and west, each demonstrating a line of the prayer. The first woman is planting the seed. “Lo, I come to the tender planting.” The second woman bends close to the earth, “Lo, a tender shoot breaks forth.” The third woman holds a harvest basket of maize, “Lo, I collect the golden harvet.” The fourth woman nurses her new born baby, “Lo, there is joy in my house.”

Campanile
The story of the campanile is a love story. Edgar Stanton graduated with the first class of Iowa State in 1872. He spent 50 years on campus as a student and faculty member. When his first wife, Margaret MacDonald Stanton, died in 1895, Stanton wanted to establish a monument so all students and friends of Iowa State would remember her.

Since the story of the campanile is a love story, the “campaniling” tradition was created. A student officially becomes an Iowa Stater when he or she is kissed under the campanile at the stroke of midnight. During homecoming hundreds of students gather for mass campaniling. Couples kiss, the band plays, and fireworks go off at the stroke of midnight.
