This year’s dental change period for Retired/Disabled direct pay members is from October 15, 2012 through November 15, 2012. Changes made will be effective January 1, 2013. If you previously dropped the dental, you may not re-enroll.

There are no changes to the benefits for the State of Iowa Retired/Disabled dental plan for 2013. This is not an OPEN dental enrollment period, you cannot add any dependents to your plan for 2013 without a qualified life event. This notice is to advise you of the rate change effective January 1, 2013. The new premium amounts will be reflected on your monthly billing statement or through your automatic withdrawal payment with the January 2013 premium payment. If you want to remove a dependent from your dental plan, you may contact Delta Dental or ISU at the phone number below.

The State of Iowa dental plan only has single and family monthly premium rates. We do not offer rates for a retiree plus one. This means that if your dental insurance covers you and your spouse (who is not a State of Iowa retiree), you cannot have two single policies, you must have a family policy.

Federal health care legislation expanding dependent coverage—eligible dependent children may be covered on your dental plan through the end of the year in which they turn age 26. A full-time student over the age of 26 must be unmarried in order to be eligible for coverage on your plan.
